County Policies are deemed invalid or unenforceable by a Court of competent jurisdiction or in the opinion of the County Attorney are invalid or unenforceable under law. All personnel paid by the County shall be classified and paid according to the compensation plan adopted by the County.

**PROVIDED FURTHER** that all personnel actions regarding employees of the County, whether they be from Elected Officials or appointed Department Heads, shall be properly transmitted from the respected departments by the appropriate form selected and put into use by the County. Either electronic time and attendance will be utilized by County personnel, or time cards will be filled out and required for all County personnel, with the exception of Elected Officials themselves. They may choose to send in a time card with only their name on it; or if they do not do so, it shall not be required. All exempt personnel shall complete electronic time and attendance entries, or turn in time cards with appropriate hours worked during the week, as a summary only. Exceptions to this shall be noted by way of leaves that may have been taken during the two-week cycle. Non-exempt employees shall record accurately the hours worked each day.

**PROVIDED FURTHER** that all personnel paid by the County shall abide by the personnel policies of the County as it may apply or as required or eliminated by state statutes. In no way is this meant to infringe upon the right of Elected Officials to hire, supervise, discipline and discharge their personnel but to manage necessary record keeping and documents in accordance with federal, state and local laws. All employees are paid for forty (40) hours per week even though they may regularly work 37 1/2 hours per week. Police and Corrections personnel are paid on the basis of 171 hours per 28 day cycle. No overtime shall be paid non-exempt personnel until those hours are worked. Overtime except for emergencies and built-in regular overtime shall have the permission of the County Administrator.

**PROVIDED FURTHER**, that with regard to travel to a destination more than 500 miles from the City of Newberry, the employee or official making such trip shall only be reimbursed for the lesser of the actual cost of an economy class airline ticket purchased 21 days before travel, or for mileage by automobile at the prevailing rate, unless Newberry County Council takes official action to approve reimbursement for an actual cost of travel that is higher than allowed herein, and only for good cause shown.

**PROVIDED FURTHER** that the actual miles traveled and submitted by County employees on the appropriate travel voucher shall be at a rate of 42 1/2 cents per mile. If the federal rate, now at 44 1/2 cents as of January 1, 2006, shall go down, the rate paid by the County shall go down appropriately and proportionally. If a County vehicle is offered and available and the employee refuses, the employee shall not be reimbursed for miles traveled. Unless otherwise approved by Council, the per diem allowance for meals for County personnel traveling on official County business shall be fixed at the rate of \$35.00 per day or breakfast \$6.00, lunch \$8.00 and dinner \$21.00. Personnel staying for a period of 24 hours or more shall be paid on the per diem rate less any meals that may be provided as a part of the conference/meeting. No receipts for meals are necessary. Allowable lodging costs for required overnight travel shall be determined by Council or by the County Administrator from time to time. For travel for less than 24 hours, personnel will be reimbursed for actual costs and receipts will be required,

provided, however, that reimbursement will not be for more than the specified per diem rate per meal. Employees should turn in travel vouchers monthly for daily re-occurring travel by the tenth (10) day of the month following and should turn in travel vouchers for special trips taken within ten (10) days following the return to one's duty station. In the event that these forms are not received by the Finance Department in the appropriate time, County reimbursement of travel expenses may be disallowed to the employee. Without the approval of the Administrator, no employee may draw advance travel funds before taking a special trip, and any funds advanced must be strictly accounted for at the conclusion of the trip.

**PROVIDED FURTHER** that telephone services for the County departments shall be paid for from within the budgeted amounts, however, the County may not accept any collect calls nor shall it pay for long distance service charges for federal and state agencies, independent commissions and boards except for reimbursement other than those which are approved in the budget object codes.

**PROVIDED FURTHER** that any automotive or heavy equipment replaced by new vehicles or equipment shall be turned in to the County Purchasing Coordinator on a one for one basis or as otherwise approved by the County Administrator. If no other department has need for these vehicles, all equipment turned in shall either be disposed of by the Purchasing Coordinator in accordance with the purchasing policies and applicable state laws with the approval of the County Administrator, or disposed of as directed by the County Administrator or Council.

**PROVIDED FURTHER** that all service charges, fees, fines and other monies received by the County Departments shall be deposited with the County Treasurer's Office or to an official County depository directly within 24 hours of collection, but preferably on the same day as collected, unless approved by the County Administrator. Exceptions to this shall be as follows: The Sheriff and Tax Assessor may hold up to \$100.00 but shall deposit funds at least once a week. Deposits shall be made on the day of remittance in all other departments as spoken to above. In no event shall any department collect and hold without depositing any sums in excess of \$250.00. Deposits must be made for all sums at least once per week.

**PROVIDED FURTHER** that the County Administrator is authorized to establish fees for the various departments and agencies for miscellaneous services and items such as copies, maps, books, etc. produced in response to requests under the Freedom of Information Act, according to guidelines which have been administratively determined or which may be established by the County Council in accordance with applicable law. The fees set forth on Schedule A attached hereto are specifically approved by County Council and shall remain in full force and effect until modified by subsequent action of Newberry County Council.

**PROVIDED FURTHER** that all advisory boards and committees are required to furnish at least annually a report of their organization and their recommendations to the County Council. It is recommended that these committees and boards should report their progress and recommendations quarterly. All boards and commissions shall submit to the County Administrator's Office an annual report of attendance by the members serving in the particular organization. Those that are out of compliance with

attendance requirements shall be replaced by the County Council.

**PROVIDED FURTHER** that any State Agency funded in part by the County must submit a copy of that agency's audit in order to satisfy the County's financial reporting requirements; it shall adhere to the single audit concept. All other outside agencies funded by the County shall submit quarterly financial statements showing expenditures of County funds in the previous quarter and an annual statement at the end of the year. All agencies funded by the County, which are not state agencies, in amounts over \$10,000, should provide the County with an audit report performed by an independent external auditor. In the event that an agency so funded does not have an external audit report, this requirement may be waived upon a letter of request to the County Council explaining the situation and detailing the cost of said audit in the relationship to the amount of County funds received.

**PROVIDED FURTHER** that at the end of Fiscal Year 2005-2006, any funds budgeted for capital projects or outlay which have not been completed and not transferred to any other object code, road paving or improvement projects, grant funds which have not been expended, capital items authorized by purchase order but not received, or accommodations tax funds approved by the County Council which have not been expended, shall reflect as an encumbered fund balance in the Comprehensive Financial Report and shall be brought forward to the Fiscal Year 2006-2007 budget as encumbered funds. Funds which were appropriated in the FY 05-06 budget, but not requested or encumbered prior to the end of the fiscal year, shall become part of the general fund for the new fiscal year, except as otherwise provided.

**PROVIDED FURTHER** any funds received during Fiscal Year 2005-2006 as a result of new grants accepted by the County Council, appropriations of Accommodations Tax Fund Balances approved by the County Council or appropriations from any capital project or other revenues recognized by the County Council, or from other new revenues, any of which increase the projected revenue or the original budget appropriation shall require a supplemental budget ordinance, which may be adopted toward or after the end of the fiscal year to reconcile all such adjustments in revenues and appropriations.

**PROVIDED FURTHER** any unexpended special source revenue funds which are required by state or federal statute to be carried forward to the new fiscal year and expended for the same designated purposes, and which funds are not otherwise mentioned herein, shall be deemed to have been so carried forward, and the Finance Director and the County Treasurer are directed and required to make the necessary budget adjustments to reflect these matters.
